From January 1, 2023

December 16, 2022

RB B6

Tanja Rückert is currently the chief digital officer of the Bosch Group. From January 1, 2023, as member of the board of management of Robert Bosch GmbH, she will assume responsibility for the Digital Business and Services sector. This includes the following functions and services: Bosch Digital, IT, systems environments and digitalization, cybersecurity, and software and digital solutions. She will also be responsible for Global Business Services, for the Global Service Solutions division, and the Bosch Connected Industry business unit. Rückert will also be responsible for the business in North and South America, Australia, Japan, and Korea, as well as in the “Europe 2” region, which includes Benelux, France, Greece, Italy, Portugal and Spain, and Switzerland.

Tanja Rückert was born in Bad Windsheim, Germany, on December 27, 1969. She is married and has two children. After leaving school, she studied chemistry at the Julius Maximilians University of Würzburg in Germany and at Swansea University in the United Kingdom. She completed her doctorate at the University of Regensburg in Germany.
