

New Garden Tools in the '18V Power for All System': **Effortless Garden Care with Bosch Lawn Mowers** Cordless freedom for private use

April 22, 2026
PI 12082 MR

- ▶ Bosch Rotak: The right lawn mower for every need
- ▶ Cuttings as natural fertilizer – all tools with mulching function
- ▶ Minimal storage space: Lawn mowers can be folded compactly
- ▶ Cross-brand battery system: Saves time, space, and money

Bosch is introducing a new range of cordless lawn mowers designed to make home garden maintenance simpler and more efficient. These four powerful tools are part of Bosch's "[18V Power for All System](#)". The system encompasses essential tools across nearly all segments – currently around 80 DIY, garden, and home appliances – and, with partners from the cross-brand "[Power for All Alliance](#)" even extends beyond Bosch's extensive range to over 150 tools in total. All tools – from rotary hammers to lawn mowers and vacuum cleaners – can be powered by the same 18-volt lithium-ion battery and just one charger. This saves users time, space, and money.

Quick Path to Your Dream Lawn: Four New Cordless Lawn Mowers

The new Bosch lawn mowers enable efficient and swift lawn care. Even larger areas or multiple lawn sections can be tackled quickly and effortlessly thanks to powerful cordless technology. The proven cutting height adjustment allows for quick optimization of the grass cut with a simple hand movement. After the work is done, the mowers can be conveniently and easily reduced to a minimum size, taking up very little storage space – ideal for smaller gardens or sheds. Furthermore, all four lawn mower models offer a mulching option, where finely cut grass remains on the lawn as natural fertilizer. This promotes healthier growth, saves time, and eliminates the need to dispose of clippings.

Rotak18V-32: Effortless for Compact Gardens, with Mulching Function

The Rotak18V-32 is the ideal entry-level model for smaller gardens. Powered by a brushless motor, it offers high performance and a long lifespan. Thanks to the

included mulching wedge, clippings can be finely shredded and distributed on the lawn as natural fertilizer. The foldable handle allows for quick collapsing, enabling easy and space-saving storage of the device. The central cutting height adjustment allows for individual adaptation to various lawn conditions in five steps, from 25 to 65 mm cutting height. The 35-liter, foldable grass collection bag with fill level indicator optimizes handling and reduces storage space.

ROTAK18V-34: Reliable Performance for Medium Areas

The Rotak18V-34 builds on the strengths of the entry-level model, also featuring a brushless motor for superior performance and durability. A clever handle design ensures space-saving storage; it can be folded down with the push of a button and further collapsed compactly using a quick-release system. Additionally, the mower can be stored upright, saving valuable space. This model also includes a mulching wedge for natural lawn fertilization and a central cutting height adjustment in five steps from 25 to 65 mm. The 35-liter, foldable grass collection bag with fill level indicator ensures comfortable use and storage.

Rotak18V2-38: Strong Performance, with One-Hand Emptying

With the Rotak18V2-38, Bosch enters the league of powerful 36V tools, powered by two 18V batteries, thus offering high performance and longer runtimes. The 40-liter grass collection bag features an innovative upright function on its lockable protective flap, enabling particularly user-friendly one-hand emptying. This allows for convenient and less strenuous emptying without having to bend down deeply. Vertical storage continues to save space. The cutting height adjustment now occurs in six steps between 30 and 75 mm, allowing for even more precise adaptation to different lawn heights.

Rotak18V2-43: Powerful Top Model for Large Lawns

The Rotak18V2-43 is the top model in the new range, offering powerful mowing with advanced features for large lawn areas. Equipped with two 18V batteries for 36V of performance and a brushless motor, it delivers excellent performance and a long lifespan. For comprehensive lawn care, it features a mulching function for natural lawn fertilization and a 50-liter grass collection bag with the practical upright function on its lockable protective flap for convenient one-hand emptying. Vertical storage for space-saving and clever storage remains a compact, economical, and smart feature, while the telescopic handle can be optimally adjusted to the user's height. The six-step cutting height adjustment between 30 and 75 mm also allows for versatile adaptation to the lawn's needs.

The new cordless lawn mowers are now available. All prices are non-binding recommended retail prices, excluding VAT.

Product Specifications	Rotak18V-32
Battery Voltage	18 V
Motor	brushless
Cutting Width	32 cm
Cutting Height Adjustment	25 mm - 65 mm
Dimensions (Length x Width x Height)	1200 x 410 x 1010 mm
Weight without Batteries	10,8 kg
Scope of Delivery / Recommended Retail Price incl. VAT	Lawn mower in box incl. mulching wedge: €199.99 Lawn mower in box incl. mulching wedge, 4.0 Ah battery, charger AL 18V-44: €249.99

Product Specifications	Rotak18V-34
Battery Voltage	18 V
Motor	brushless
Cutting Width	34 cm
Cutting Height Adjustment	25 mm - 65 mm
Dimensions (Length x Width x Height)	1200 x 410 x 1015 mm
Weight without Batteries	11,2 kg
Scope of Delivery / Recommended Retail Price incl. VAT	Lawn mower in box incl. mulching wedge: €239.99 Lawn mower in box incl. mulching wedge, 4.0 Ah battery, charger AL 18V-44: €299.99

Product Specifications	Rotak18V2-38
Battery Voltage	2x18 V
Motor	brushless
Cutting Width	38 cm
Cutting Height Adjustment	30 mm - 75 mm
Dimensions (Length x Width x Height)	1430 x 440 x 1060 mm
Weight without Batteries	15,8 kg
Scope of Delivery / Recommended Retail Price incl. VAT	Lawn mower in box incl. mulching wedge: €319.99 Lawn mower in box incl. mulching wedge, 2x 4.0 Ah battery, charger AL 2x18V-88: €419.99

Product Specifications	Rotak18V2-43
Battery Voltage	2x18 V
Motor	brushless
Cutting Width	43 cm
Cutting Height Adjustment	30 mm - 75 mm
Dimensions (Length x Width x Height)	1480 x 470 x 1185 mm
Weight without Batteries	19,6 kg
Scope of Delivery / Recommended Retail Price incl. VAT	Lawn mower in box incl. mulching wedge: €399.99 Lawn mower in box incl. mulching wedge, 2x 4.0 Ah battery, charger AL 2x18V-88: €489.99

The Robert Bosch Power Tools GmbH, a division of the Bosch Group, is one of the world's leading providers for power tools, garden tools, power tool accessories and measuring tools. In 2025, its 17,300 associates generated sales approximately 5 billion euros, about 80 percent of which outside of Germany. With brands such as Bosch and Dremel, the division stands for customer focus and great engineering progress. The core success factors are innovative strength and pace of innovation.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 413,000 associates worldwide (as of December 31, 2025). The company generated sales of 91 billion euros in 2025. Its operations are divided into four business sectors: Mobility, Industrial Technology, Consumer Goods, and Energy and Building Technology. With its business activities, the company aims to use technology to help shape universal trends such as automation, digitalization, electrification, and artificial intelligence. In this context, Bosch's broad diversification across regions and industries strengthens its innovativeness and robustness. Bosch uses its proven expertise in hardware, software, and services to offer customers cross-domain solutions from a single source. It also applies its expertise in connectivity and artificial intelligence in order to develop and manufacture intelligent, user-friendly, and sustainable products. With technology that is "Invented for life," Bosch wants to help improve quality of life and conserve natural resources. The Bosch Group comprises Robert Bosch GmbH and its roughly 500 subsidiary and regional companies in over 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. Bosch's innovative strength is key to the company's further development. Bosch employs some 82,000 associates in research and development.
